## PROFILE

Full-Stack Engineer & DevOps with end-to-end expertise: from high-performance web and mobile applications to automated infrastructures. Designer of complete solutions like LogSOC. I optimize stack performance, resilience, and security to accelerate the digital transformation of businesses.

## PROFESSIONAL EXPERIENCE

### Attijariwafa Bank

*Systems Engineering & DevOps Internship*

April 2026 – June 2026  
Headquarters, Casablanca

- Optimized system infrastructure and stabilized banking server environments for high service availability.
- Industrialized the application lifecycle with Docker and GitLab CI/CD, and designed LogSOC for intelligent monitoring.

### TSM (Global Service Technology)

*Networking & Telecommunications Internship*

March 2025 – April 2025  
Casablanca

- Installed and configured Enterprise-level network equipment (Huawei, Juniper) and implemented routing and switching protocols.
- Secured access (VLANs, ACLs), diagnosed faults on critical links, and provided level 2 technical support.

### Sefrou Province

*IT & Systems Internship*

July 2024 – August 2024  
Sefrou

- Deployed and configured a local area network (LAN) and optimized the IP addressing plan for administrative services.
- Managed the IT fleet (Windows/Linux) and provided on-site technical support to resolve incidents.

### Computer Library

*IT Space Manager*

August 2023 – September 2023  
Errachidia

- Administered the local network, managed access rights, and secured public Wi-Fi.
- Performed IT fleet maintenance and trained users on digital tools.

## PROJECTS

### LogSOC – Intelligent Log Analysis Platform

- Designed a platform for centralized system log anomaly detection with AI integration.
- Used Angular, Flask, GitLab CI/CD, Docker, Nginx, and LLM for a scalable and secure architecture.

### CI/CD Infrastructure Pipeline – DevOps Automation

- Industrialized the application lifecycle with Jenkins, Docker, and Git, reducing human errors and accelerating delivery cycles.
- Integrated validation gates to ensure code quality from development to production.

### Tactix – Football Strategy Mobile Application

- Developed a cross-platform application dedicated to strategy development and team performance tracking.
- Used Flutter, Dart, and Laravel for dynamic rendering and a smooth user experience on all devices.

### Cisco Enterprise Network – Secure Network Architecture

- Designed a secure and resilient enterprise network architecture to ensure critical service reliability.
- Used Cisco IOS, Packet Tracer, VLANs, ACLs, NAT, and DHCP for network segmentation and security.

### Virtualization Infrastructure – Virtualization Infrastructure

- Implemented an enterprise-level virtualization infrastructure to consolidate resources and optimize workloads.
- Used VMware ESXi, Windows Server, Active Directory, and DNS for centralized administration and service continuity.

## EDUCATION

### EST Sidi Bennour

*Bachelor of Technology: Computer Systems Engineering and Web Technologies (BAC +3)*

2025 – 2026

Sidi Bennour, Morocco

### ISTA Sefrou

*Specialized Technician in Digital Infrastructure, Systems and Networks Option (BAC +2)*

2023 – 2025

Sefrou, Morocco

### Lycée Sidi Lahcen Lyoussi

*Baccalaureate in Physical Sciences*

2022 – 2023

Sefrou, Morocco

## CERTIFICATIONS

**Cisco** : CCNA Switching, Routing, and Wireless Essentials; CCNA Enterprise Networking, Security, and Automation; CyberOps Associate; Ethical Hacker; IT Essentials 7; Python Essentials 1

**Others** : Volunteer Certificate (Motatawi3); First Degree Training for Camp Managers (AMTT)

## SKILLS

**Frontend & Mobile** : Angular, Flutter, Dart, HTML5, CSS3, Tailwind CSS

**Backend & APIs** : Java, Spring Boot, PHP, Laravel, Flask, REST APIs

**DevOps & Cloud** : Docker, GitLab CI/CD, Jenkins, VMware ESXi, Nginx, Linux, Bash/Shell

**Networking & Security** : Cisco IOS, CCNA Routing & Switching, CyberOps, VLANs, ACLs, NAT, DHCP

**Design & Docs** : Logo Design, Canva, Technical Documentation, LaTeX

## LANGUAGES

**Arabic** : Native

**French** : Good Level

**English** : Intermediate
